ARBEC SWD Delivery Procedures

Deliveries of Swd Pulp to ARBEC are on a strict delivery schedule.

In order to respect and administer ARBEC's delivery schedule please adhere to the following procedures.

- Advise Marketing Board if you have Swd pulp to deliver, please indicate volume that is ready to be delivered and an estimate of future volumes.
- Do not deliver to mill, until specially authorized by Marketing Board staff. Staff will notify of volume and delivery period.
- If unable to deliver authorized volume in set out time period, the Marketing Board must be notified of the inability to deliver. If the Board is not informed the producer will lose their spot and be moved to the end of the list.

It is the producer's responsibility to notify the Board of inability to deliver assigned volumes

The Marketing Board will do it's best to accommodate everyone but market availability is limited.

Management,
Northumberland County Forest Products Marketing Board
